COULD SCARCELY WALK ABOUT

And For Three Summers Mrs. Vincent Was Unable to Attend to Any of Her Housework.

Pleasant Hill, N. C.—“I suffered for three summers,” writes Mrs. Walter Vincent, of this town, “and the third and last time, was my worst.

I had dreadful nervous headaches and prostration, and was scarcely able to walk about. Could not do any of my housework.

I also had dreadful pains in my back and sides and when one of those weak, sinking spells would come on me, I would have to give up and lie down, until it wore off.

I was certainly in a dreadful state of health, when I finally decided to try Cardui, the woman's tonic, and I firmly believe I would have died if I hadn't taken it.

After I began taking Cardui, I was greatly helped, and all three bottles relieved me entirely.

I fattened up, and grew so much stronger in three months, I felt like another person altogether.”

Cardui is purely vegetable and gentle-acting. Its ingredients have a mild, tonic effect, on the womanly constitution.

Cardui makes for increased strength, improves the appetite, tones up the nervous system, and helps to make pale, sallow cheeks, fresh and rosy.

Cardui has helped more than a million weak women, during the past 50 years. It will surely do for you, what it has done for them. Try Cardui today.

Gets Right Twist On Rheumatism

Makes Short Work of Cleaning Out Your Entire System—Aches and Pains Go Fast.

In S. S. S. You Get a Twist on Rheumatism that Settles It.

Many a rheumatic sufferer has been to the drug store for a bottle of S. S. S. and been handed something claimed to be "just as good." Truly, to ask for bread and be given a stone is still in practice. If you are troubled with rheumatism in any form be sure to use S. S. S. and note its wonderful influence.

S. S. S. has the peculiar action of soaking through the intestines directly into the blood. In five minutes its influence is at work in every artery, vein and tiny capillary. Every membrane, every organ of the body, every emunctory becomes in effect a filter to strain the blood of impurities. The stimulating properties of S. S. S. compel the skin, liver, bowels, kidneys, bladder to all work to the one end of casting out every irritating, every pain-inflicting atom of poison; it dislodges by irrigation all accumulations in the joints, causes acid accretions to dissolve, renders them neutral and scatters those peculiar formations in the nerve centers that cause such mystifying and often baffling rheumatic pains.

And best of all this remarkable remedy is welcome to the weakest stomach. If you have dragged yourself until your stomach is nearly paralyzed, you will be astonished to find that S. S. S. gives no sensation but goes right to work. This is because it is a pure vegetable infusion, is taken naturally into your blood just as pure air is inhaled naturally into your lungs.

Get a bottle of S. S. S. today, and ask for S. S. S.

You may depend upon it that the store that sells you what you ask for is a good place to trade. Write to the Swift Specific Co., 201 Swift Bldg., Atlanta, Ga., for their Book on Rheumatism.

FASHION FINDS MILITARY INSPIRATION

Have you seen the new suits in two materials? They are quite the rage, with their jaunty, flaring coats in one, and swagger skirts in another material which is totally different. To see them, one must take a run down to Long Beach some afternoon, or slip over to Newport and stroll by the Casino in the morning. They are worth seeing, as they come now fresh from Paris and are worn by New York's smart society. It is an opportunity of braiding and all. The skirt was of fine white serge, a bit scantier in width than the usual run of things, with a strip of broad white Hercules braid at the side seam. With this, she wore a broad, straight-brimmed, blue chiffon sailor, with a scarf of the chiffon edged with beads for trimming, dubbed, for its keen resemblance, the "Boy Scout."

We hear from Paris that the idea of two materials in one suit will be carried out in checked and plain, and striped and plain worsteds; already there is a showing of these models by the exclusive shops. Unlike the serges, the coats of these suits are usually belted and are amply supplied with patch pockets, more like the khaki suits worn by soldiers. One model just received from the other side is made in this style, with a plain full skirt. The coat is of dark brown worsted and the skirt, collar, belt and cuffs of a two-toned brown check.

Enter the Hat of the Italian Bersagliere

The suit is given the honor place in the window of one of our great department stores and with it is shown the hat of the Italian bersagliere. Whether or not this hat will be popular remains to be seen. As it appears in black velvet, with slightly tilted brim, stiff high crown and drooping cock's plume at the side, it is a bit trying to the average. It takes a daring person to wear it at the necessary forty-five degree slant to give it style. That Paris has taken it up is a fact. We hear from this city: "One of the very smartest little Parisiennes appeared a day or so ago at the Ambassadeurs wearing not only the bersagliere hat with its flowing cock's plume at the side, but also a frock of Tyrolean-striped taffeta, with a short, plain, surplice corsage in Italian green silk."

Bracelet Handbags.

The mode has remained somber already too long. This is evident in the accessories that are being shown with the midsummer suits. Handbags are especially frivolous. Not only do they appear in brilliant silks with gate-tops, but leather bags, too, tend decidedly toward fancy effects. White kid is favored, alone or in combination with black patent leather or pale blue. These are usually in the gathered bags. The latest novelty is a black kid bag, with an imitation tortoise-shell frame and bracelet to hold it by. It is lined with black-and-white striped moire and a mirror is introduced in the form of a semicircle mounted on an inside gold-plate frame.

Colored Fourchettes in Silk Gloves.

Silk gloves, too, are more elaborate than in past seasons. The introducing of the colored fourchettes between the fingers is one of the new ways of making the white glove match the costume. The gloves are usually made in gauntlet style, with the strips between the fingers black, dark blue, or green, with the buttons and, perhaps, a vent in the cuff section of the same shade. The idea is finding favor, and it is rumored that the kid gloves imported for the fall will also show these contrasting colors in even more elaborate effects.

LANFORD NEWS.

Lanford, Aug. 2.—Rain is much needed throughout this section. Farmers have quit work until it rains.

WHAT THEIR TRIPS COST.

Turkish Ambassador, \$11.25; Austrian, \$2,500.

London, July 20.—The civil service financial report to Parliament shows that the expenses of the Turkish ambassador on his journey from London to Folkestone after the declaration of war were only \$11.25. The Austrian ambassador's farewell trip, however, cost Great Britain nearly \$2,500.

The same report shows that the Government did not ask Kitchener to pay the usual fees in connection with his elevation to the rank of Earl. Under the head repayments to contingencies fund," the report notes: "Stamp duties on letters patent creating Viscount Kitchener an Earl, \$3,002." Just below this entry is a similar one in behalf of Lord Bryce, former British ambassador at Washington: "Stamp duties on letters patent creating the Right Hon. J. Bryce a Viscount, \$1,000."
